

Amendment to the Drawings

Replacement (formal) drawings are attached hereto.

Remarks

This is in response to the Notice to File Missing Parts of Nonprovisional Application mailed September 27, 2004. In that Notice, the following items were noted as being required to avoid abandonment of the instant application:

1. *Properly signed oath or declaration.*

A Declaration/Power of Attorney executed by the inventor is submitted herewith in response to this requirement. A \$65.00 surcharge is also enclosed.

2. *Substitute specification.*

The print quality of the original specification was deemed unacceptable. A substitute specification is attached. Applicant believes that the substitute specification now meets the print and paper quality requirements and respectfully requests acceptance of the substitute specification. It is further noted that the substitute specification has not been changed from the original filing; accordingly, applicant asserts that no new matter is added to the subject application. The claims as originally filed are included in this substitute specification. A separate listing of the current claims is also included as part of this Reply.

3. *Replacement drawings.*

The original application was filed with informal drawings. Formal drawings are submitted herewith.

4. *Additional fees.*

As noted above, the surcharge of \$65.00 is included with this filing.

Applicant invites the Examiner to call the undersigned if clarification is needed on any of this response, or if the Examiner believes a telephone interview would expedite the prosecution of the subject application to completion.

Respectfully submitted,

Date: February 28, 2005
